 Nonexempt

GENERAL DESCRIPTION

General Overview

Renewable Innovations is a leading provider of sustainable energy solutions, serving customers across a range of industries. We are seeking an experienced Controller to join our finance team as we continue to grow and expand our business. As a publicly traded company using Microsoft Dynamics 365 Business Central as our ERP, the Controller will play a key role in financial operations and reporting, as well as compliance and risk management activities.

Financial Controller Job Duties

- Oversee financial reporting and accounting activities, including preparation of monthly, quarterly, and annual financial statements
- Manage the day-to-day financial operations of the company, including accounts payable, accounts receivable, and payroll
- Ensure compliance with accounting standards and regulatory requirements, including SOX and SEC rules and regulations
- Coordinate with auditors and other stakeholders to ensure timely and accurate completion of audits and financial statements
- Participate in budgeting and forecasting activities, providing financial analysis and guidance to business leaders
- Develop and implement financial policies and procedures to support the company's growth and strategic objectives
- Oversee risk management activities, including internal controls, audit planning, and fraud prevention
- Participate in investor relations activities, such as earnings calls, investor meetings, and conferences

EDUCATION AND EXPERIENCE

- Bachelor's degree in accounting, finance, or a related field
- CPA or CMA certification preferred
- 5+ years of experience in financial reporting, accounting, or a related field
- Experience working in a publicly traded company with exposure to SOX and SEC rules and regulations
- Strong understanding of accounting principles and financial analysis techniques
- Excellent communication and interpersonal skills
- Familiarity with Microsoft Dynamics 365 Business Central or other ERP systems
